### Our Mission

Continuing to offer the competitive and affordable services to our clients both locally, nationally and internationally.

### Our Values

Integrity | Accountability | Professionalism | Consistency | Transparency | Commitment | Honesty

### Access Control

Our securities are trained in all kinds of access control relating to car, human being and information management. Everything that comes out and inside the premises is kept on record and monitored to prevent any damage to property and theft.

### VIP Protection

VIP protection is also known as Close Protection or bodyguard services. Our experienced qualified professionals in the field ensure that you are protected. We provide tailored protection packages for each client based on our analysis of the risk profile.

### GUARDING & ARMED RESPONSE UNIT

Our comprehensive guarding solutions include placing of carefully selected and trained guards. We match our guards with the character of your company and our disciplined, neat and respectful guards protect your property, personnel, assets and clients.

KPS response unit personnel are equipped and trained to assess the situation, react instantly and call for the necessary support. They make use of dependable vehicles and equipment.

### MOBILE PATROL

KPS security provides a cost effective alternative where a continuous manned guarding presence is not required. These well-equipped search and response units make random mobile security patrols of client's premises (business and residential), through the night and at weekends to ensure the secure closure of all external doors, gates, windows and overall security requirements.

The surrounding areas are also patrolled and observed for unusual presences and suspicious activity. When you engage our Mobile Security Services we will carry out different visits at random times so as not to develop a routine pattern. We will report upon the security of your premises and property as required.

To further enhance the security of your premises we also provide warning notices which are a high profile deterrent at the perimeter of your property.

***Our fully trained patrols supervisors can check your premises during the vulnerable hours and deal with important security issues such as:***

- ✓ Setting and un-setting of alarms
- ✓ Checking windows and doors to ensure they are locked and secure
- ✓ Switching on and off of lights and equipment
- ✓ Checking for any potential fire or flood hazards

### Surveillance Cameras

Surveillance Cameras has proven to be a sound crime combating investment and is used in retail stores, shopping centres, stations, airports, car-parks and many more.

With customised solutions designed to suit your budget and needs, we can help you to identify the best surveillance system and software for your requirements.

We will advise you on and install the most cost effective CCTV option, using qualified staff and equipment from reputable suppliers.

CCTV discourages Shoplifters, Burglars and Other Criminals.

### Securing your business, property or valuable assets

With our top of the line security systems from the world's top brands, we can monitor remotely, live high quality feed of our security camera footage and keep an eye on your property 24/7 without interruptions.

Through our 24/7 control room and armed response we can swiftly attend any incident within a blink of an eye.

### Investigations

We focus on both the private and public sectors and delivering our service directly to businesses and communities.

KPS Security specialises in all facets of investigation and offer quality investigation solutions to private and corporate markets.

We operate as a full house security service for all your needs. We offer customised packages to suit your unique requirements; in a competitive market this kind of personalised service is unattainable.

Our aim is to enhance client interest through delivery of cost effective and high standard services that satisfy our client's needs.

We offer Comprehensive Incident Investigations Services suitable for all industry sectors.

### Risk Assessments

We conduct security risk assessments prior to, and during the performance of planned task activity. We recommend realistic, appropriate, reasonable and cost effective measures that will mitigate the risk.

## KPS EVENTS MANAGEMENT

From preparing the initial security details to wrapping it all up, our security guards are always there from beginning to the end of the event ensuring that your event stays secure throughout.
